

GREENHEART KILIFI RESIDENTIAL VISUALIZATION.

Project Description

Brief

This is a comprehensive proposal to design the signature spatial look and feel for the Kilifi Coastal Residence located along the Kenyan Coastline, Kilifi, Kenya.

Key Objective

To develop the explore the best possible ideas for the look of the spaces, visualise them in the right SCALE AND PROPORTIONS FOR BUILDING.

By developing these visual renders and drawings for the unit will NOT only make it easier for decision making on the materials to use and cost feasibility BUT also highlight unique features and roadmaps on aesthetics and functionality prior to implementation.

Work Scope

Key Deliverables

1. Architectural Superstructure Design:

Develop the proposed architectural Design and Layouts for the private Residence, This will include General Site and Mansion Layout, Detailed Section and Elevation Drawings and a 3D Visualization of the proposed design to showcase facade features, landscaping details etc

2. High-Detailed Interior Design:

With the architectural look and feel of the structure approved, we'll proceed to fleshing up the interior detail for the house and its components for stakeholders satisfaction and approval. These will be followed with working drawings for technical installations eg cabinetry, wardrobes and focal walls to guide on outsourcing, costing and implementation of the proposed concepts

3. 3D Animation Walkthrough:

Once all components are in place and approved, we'll proceed to generating a 3D Animation video bring all aspects of the project under a short film, for immersive visualization of the look and feel of the project's key highlight features and show interrelations between the exterior and interior components

SECTION A. SCOPE OF 3D VISUALIZATION

1. EXTERIOR VISUALIZATION

- General Site Layout
- Building Facade Features and Finishes
- Balconies & Terraces
- Swimming Pool Area
- General Landscaping
- Gate & Driveway Design

2. INTERIOR VISUALIZATION

■ GROUND FLOOR

- Entrance Porche & Foyer
- Powder Room
- Main Lounge
- Dinning Area
- Kitchen & Pantry
- Laundry Room
- Study/ Library

■ FIRST FLOOR

- Guest Master Ensuite
- Stairwell & Landing
- Kids Bedroom 01 Ensuite
- Bedroom 02 Ensuite
- Mini- Lounge or TV Room FF
- Master Bedroom Ensuite
- Master Bathroom
- Master Closet

■ GUEST WING

- Mini Lounge
- Kitchenette
- Bedroom Ensuite
- Cloak Room
- Pool House
- Gym Area
- Sauna /Steam Room

3D VISUALIZATION

Photorealistic Interior Renders to Capture the following:

- Furniture Layout & Design
- Wall & Floor Finishes - paint, tilework, laminates, natural stone, coastal textures
- Ceiling Design
- Cabinetry & Wardrobe Installations
- Lighting & Plumbing Fixtures - premium, coastal-inspired accents
- Soft Furnishing Staging

DETAILED 2D-WORKING DRAWINGS & RENDERED PLANS

- Floor Plans, layouts, circulation, and furniture placement
- Ceiling Design Drawings with light-points, ventilation, and detailing
- Elevations & Cross-Sections showing proportions and finishes
- Wardrobes & Cabinetry detailed drawings for joinery and storage
- Plumbing & Electrical Layouts with sanitary fixtures, outlets, and switches
- Finish Schedules covering materials, textures, and coastal treatments

SECTION B: WORK PROCESS

STAGE 1 :

- Review project brief & land dimensions
- Gather all reference materials & regulations
- Site and spatial analysis report
- Concept scope & moodboards

1 WEEK

STAGE 2 :

- Architectural Floorplan Development
- Full 3D massing of Main Villa & Guest Wing
- Landscape Layout featuring Pool Area
- Elevation & Cross-sectional Drawings
- 3D Exterior & Landscape Renders

3 WEEKS

STAGE 3 :

- Commence Interior Design Massing
- Finalization of Door & Window Schedule
- Interior Spatial Finishes & Technical Installations
- Full Interior compilation & submission

3 WEEKS

STAGE 4 :

- Architectural Drawings Compilation & Submission
- Full 2D Rendered Plans of Interior Spaces
- Interior Design Technical Drawings
- Finalization of 3D Animation Video

3 WEEKS

TERMS OF ENGAGEMENT

1. The Client agrees to **submit all style reference materials, including inspiration images**, sketches, and idea schedules, either before project commencement or during the initial project stage. Any additional references provided after this stage will constitute a scope increase, subject to the Designer's discretion, and may incur additional costs.
2. First **Site Visit Fees of Kes 30,000** is required and ONLY redeemable on total project costing, However consequent site visits shall be billed separately per visit at the same amount
3. For visualization we'll provide **3 views/ Angles per space**. Daytime visualization for all Interior spaces, while both Daytime & Evening views for Exteriors. (this view will allow us to showcase the spaces in both day light and artificial evening lights)
4. Client agrees to **approve each stage** prior to commencement of the next stage so as to ensure seamless delivery of design details as changes and revisions arising from a crossed stage may attract additional costs
5. The **intellectual property claim** to all digital products resulting from services rendered maintain to be the property of Drenla® and are only automatically and fully transferred to the client[s] after a full settlement of the Professional Design Fee.

Kindly note that upon acceptance of these **Terms of Engagement**, this proposal and all details contained herein shall be considered legally binding with respect to the services rendered by **DRENLA VENTURES LIMITED** (hereafter referred to as the “Designer”) to **MERCY CHERU** (hereafter referred to as the “Client”).

This agreement covers all deliverables listed under Sections A & B, including any client-approved comments or mark-ups signed off on good-will and mutual agreement by both parties.

See **billing info.** attached in QUOTATION# **dnr-Sep-002**
